Biome Map Coloring Worksheet Often biologists group the different natural areas on Earth into categories based on plant and animal life and how they are able to survive in that part of the world. These are called biomes. Grouping organisms into biomes help us to better understand the complexity of life on Earth.

### **Biome Map Coloring Worksheet - Ask A Biologist**

Biomes are regions of the world with a similar climate – the amount of rainfall and temperature. The climate affects which plants will grow and in turn which animals (and other living things) can make their living there.
