Journal of Industrial Engineering and Management is an open access scientific journal that publishes theoretical and empirical peer-reviewed articles, which contribute to advance the understanding of phenomena related with all aspects of industrial engineering and industrial management. JIEM includes contributions, but not limited to, in the following fields: Production Planning/Scheduling ...

Journal of Industrial Engineering and Management

Production engineering is a combination of manufacturing technology, engineering sciences with management science. A production engineer typically has a wide knowledge of engineering practices and is aware of the management challenges related to production. The goal is to accomplish the production process in the smoothest, most-judicious and most-economic way.
