The facility should provide nourishing and appealing food for children according to a written plan developed by a qualified nutritionist/registered dietitian.

### **Preventing Childhood Obesity in Early Care and Education**

Early childhood education (ECE; also nursery education) is a branch of education theory which relates to the teaching of little children (formally and informally) from birth up to the age of eight which is traditionally about 3rd grade. It emerged as a field of study during the Enlightenment, particularly in European countries with high literacy rates. ...
