Health insurance in the United States is any program that helps pay for medical expenses, whether through privately purchased insurance, social insurance, or a social welfare program funded by the government. Synonyms for this usage include "health coverage", "health care coverage", and "health benefits". In a more technical sense, the term "health insurance" is used to describe any form of ...

### **Health insurance in the United States - Wikipedia**

Insurance is a means of protection from financial loss. It is a form of risk management, primarily used to hedge against the risk of a contingent or uncertain loss.. An entity which provides insurance is known as an insurer, insurance company, insurance carrier or underwriter. A person or entity who buys insurance is known as an insured or as a policyholder.

If you have a mortgage, and your home has suffered severe damage or been destroyed, some or all of the payment checks from your insurance company will be made payable jointly to BOTH you and your mortgage company. This happens because your lender has a financial interest in the property that your insurer will honor/protect.
