Method of correlation. The key to understanding Tillich's theology is what he calls the "method of correlation." It is an approach that correlates insights from Christian revelation with the issues raised by existential, psychological, and philosophical analysis.. Tillich states in the introduction to the Systematic Theology: . Theology formulates the questions implied in human existence, and ...

Theology is the critical study of the nature of the divine.It is taught as an academic discipline, typically in universities and seminaries.. Theology is basically the study of deities or their scriptures in order to discover what they have revealed about themselves. While theology has turned into a secular field, religious adherents still consider theology to be a discipline that helps them ...
