Clayton Magleby Christensen (born April 6, 1952) is an American academic, business consultant, and religious leader who currently serves as the Kim B. Clark Professor of Business Administration at the Harvard Business School of Harvard University. He is best known for his theory of "disruptive innovation"â€™ first introduced in his first book, The Innovator's Dilemmaâ€™ which has been called the ...

Clayton M. Christensen - Wikipedia

In business, a disruptive innovation is an innovation that creates a new market and value network and eventually disrupts an existing market and value network, displacing established market-leading firms, products, and alliances. The term was defined and first analyzed by the American scholar Clayton M. Christensen and his collaborators beginning in 1995, and has been called the most ...

Finally, and perhaps most consequentially, 2018 was the year that tech companies lost the benefit of the doubt from governments. This was a result of a growing body of investigations, academic research and enterprise reporting detailing the ways in which social platforms have been used to undermine democracy.

Notice that product differentiation directly generates social value to consumers in this model: for given quantities (q_1 and q_2), utility and demand prices increase with product differentiation (i.e., they decrease with \hat{p}). Vertical integration and vertical separation equilibria, under Cournot and under Bertrand competition, are detailed in Appendix 2.
